

## M/B Rags II – Our Current Schedule and Prices

After several years without a price increase, we regret to inform you that we need to adjust our trip prices to cover rising costs and currency exchange rates – (starting from October 2015 onwards).

However, as the price of Oil has tumbled, we have also removed the fuel surcharges on our most popular routes. (Apo Reef, Coron, Tablas, Boracay).

Trips further afield will incur moderate charges – (details at time of booking).

Costs per diver will then be 285 US \$ per person per diving day inclusive of accommodation, tanks, weights, nitrox, food, mineral water, coffee, tea, soft drinks and beer !

Minimum trip duration is six diving days/seven nights.

### Tech-trip Info:

5 Oxygen storage tanks free (50 l 110 bar), additional tanks @ 40 US \$ each. Helium US \$ 0.06 per liter. Absorbent US \$ 15 per kg. Rebreather Tanks (2 and/or 3 liters) 15 US \$ per day. Booster pump rental for 200 US \$ per week.

Optional – but NOT included (transfer costs from Manila Airport to Puerto Galera)

Manila Airport to Batangas: 3000 PHP (about 72 US \$).

Boat transfer to Puerto Galera: 3000 PHP (3500 PHP after sunset).

### Extra costs:

Marine park fees (Apo and Coron) of about 70 US \$ per person and trip are also not included.
